

“FREE Teleseminar To Reveal 3 Secrets Every Club Racer Should Know”

Jeff Braun. has agreed to a live telephone interview to share at least 3 secrets every club racer should know and use to significantly improve their performance. Jeff is one of the top race road racing engineers in America.

From stock cars to road racing, Jeff has engineered cars in CART, GTP, Camel Lights, WSC, Trans-Am, Formula Atlantic, Outlaw Sprint cars, Sports 2000, and Formula Ford 2000 just to name a few. I was introduced to Jeff by the late Carroll Smith, one of the most noted race engineers in America, who considered Jeff to be one of the top up and coming race engineers. Currently Jeff is engineer to Level 5 Racing who will compete in Grand Am at the 24 Hours of Daytona. He also is the father of Colin who at 20 years old finished 5th in the 2009 NASCAR Truck Series with 1 win and 5 poles.

Here's how it works:

- Set aside 30 to 60 minutes Wednesday night January 13th at 7PM PST to be part of this exciting event as you will be part of the live interview between Jeff and Armadillo Andy as they discuss at least 3 things you can do to improve your race results for the 2010 season.
- This absolutely FREE event only requires that you go to our website at www.armadilloracing.com and click on "[Sign me up for the Jeff Braun Free Teleseminar.](#)"
- You'll be provided with a call in number and a code that will enable you to listen in and even participate in this interview by asking a few questions.
- A few minutes before 7PM call into the number provided and use your conference code. You'll be connected to a group of racers who will all be participating. We have a limited number of people who can call in so don't be late and get locked out.
- The teleseminar is free, but of course you may incur long distance phone charges. A miniscule price to pay for the huge benefit you'll get from this event.

It really doesn't get any easier than sitting at home on the phone getting a lesson in race preparation from a top race engineer.

Don't participate in this call if:

1. You are satisfied with your race program and are happy with your current results
2. You are just too busy working on your car to take 30 to 60 minutes for this call.
3. You really don't think there is anything Jeff can share that is worth your time.

The time is very short act now. The teleseminar is Wednesday evening January 13th at 7PM PST. Go right now to your computer, to www.armadilloracing.com and click "Sign me up for the Jeff Braun Free Teleseminar." Follow the instructions to get the phone number and call in code. Then call 4 of your friends/crew and tell them to sign up.

- Mark your calendar and remember to call in a few minutes before 7PM Jan 13th.

I'm looking forward to having you join Jeff and I as we discuss 3 secrets to improve your racing results.

Yours for Racing,

Armadillo Andy
